A Brief History of our Field Survey

After a long duration of Covid Pandemic
College was re-opened and the Dept. of History of
Bimandi Chandra Medhi College, Ramdree decided to
visit the nearest clare (Island) Sialmari. The DAC
of the History Department allowed to visit the
area. The date had fixed on 1st Feb/2022. The
aim of the trip was field Survey on Socio-Economic
Condition of the Sialmari clare (Island)

We began our journey at 8.00 A.M.
on 1st Feb/2020 from our college. The day was
Tuesday. There were 15 (fifteen) Students and
1 (one) Teacher as a guide. After reaching our
destination at about 9.30 A.M. had our breakfast.
After breakfast we started our work accordingly.
I noted down some of the important points of
our field Survey.

The clare (Island) is situated in be-
tween Kamrup and Nalbari Districts. There is
no any permanent road to communicate with
the clare (Island). Most of the people belongs to
Religious Minority Caste. The main occupation
of the people of Sialmari clare (Island) is cultiv-
ation. A few portion they are engaged
with weaving.

From beginning to end of the

trips Students observed the Socio-Economic Condition of the People of the Particular area. We visited Cultivated field, Police Station, Riverside Public Health centre (Siatmari char) Schools and the Local People houses.

Outcome of the Field Survey

- ① Students got to know about the Historical Significance of the area.
- ② Students Learned about their Life style. How much dangerous Life they are Leading.
- ③ Almost the Socio-Economic Condition of Siatmari char (Island) is fish out of water.
- ④ The Local People and the Students made a memorandum towards Local M.L.A., indicated various Problem of the area, through the G.P. President.

River is the backbone of human civilization. But the term is complete opposite regarding the Siatmari char (Island). The mighty Brahmaputra broken the area into Pieces and erosion of the river devastated the dream of the People.

The whole Field Survey trips was a Pleasant experience. We got to visit the beautiful Place with natural Scenario. We also enjoyed the trips a Lot. We Came back before Sunset.

With Regards,

Abu Lais Ahmad

Mentor's Report

The Departmental meeting of Education Department has allotted 07 mentees of B.A. 1st Semester (Education Department) to me in the academic year 2017-18. I visited the houses of the mentees and interacted with their parents regarding the issues like academic progress of the mentee or any other.

During the interaction, the causes of absence, lacunas in studies were discussed in the presence of parents.

I found most of the parents were ignorant about regularly presence in college of their wards, due to illiteracy. I said the parents on importance of regularly in classes. Parents understood my point and asked their wards to be present in classes regularly. Parents also share their experiences and expectations from wards during interaction.

During the visiting, students are also found economically backward with insufficient minimum study materials.

I assured them to give related books. Parents were very satisfied with me and assured me that they will continue their daughter's study.

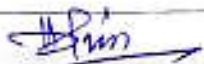

In college, I called the students

preparation in examination or examination phobia. The issues like fear for examination was solved by providing the notes and the pattern of university question papers so that they can feel comfortable.

Outcomes of the mentor system:

The mentoring system is very fruitful to overcome the realistic difficulties of the students.

Students are found regular present later on in classes. They also become close to us to take leaves or to discuss difficult topics.

Mentor's Report.

As per allotted Mentee to me in the discussion in the departmental meeting, for the year 2017-18, I have been allotted 22 Mentees of my department of 1st, 3rd and 5th semester. I have visited their houses, met with their parents and openly discussed of their problems. It was a great idea and experience after visiting their houses. It has been that some of the Mentees houses have no any educational environment whose parents are basically illiterate. They do not allow their children to come to school regularly. So, I told them all everything about the importance of attending regularly in the class and importance of education to build up one's life, they thanked me assured me to do that. Later on, they attended the classes regularly.
