area. The date had fixed on 1st Feb/2022. The
aim of the trip was field Survey on Socio-Economic
Condition of the Sialmari chare (Island)

We began our journey at 8.00 A.M.
on 1st Feb/2022 from our college. The day was
Tuesday. There were 15 (Fifteen) Students and
1 (one) Teacher as a guide. After reaching our
destination at about 9.30 A.M had our breakfast.
After breakfast we started our work accordingly.
I noted down some of the important points of
our field Survey.

The chare (Island) is situated in be-
tween Kamrup and Nalbari Districts. There is
no any permanent road to communicate with
the chare (Island). Most of the people belongs to
Religious Minority Caste. The main occupation
of the people of Sialmari chare (Island) is cultiv-
ation. A few portion they are engaged
with weaving.

From beginning to end of the

trips. Students observed the Socio-Economic Condition of the People of the Particular area. We visited Cultivated field, Police Station, Riverside Public Health Centre (Kudikamari char) Schools and the Local People houses.

Outcome of the Field Survey.

- ① Students got to know about the Historical Significance of the area.
- ② Students Learned about their Life Style. How much dangerous Life they are Leading.
- ③ Almost the Socio-Economic Condition of Sialmari char (Island) is fish out of water.
- ④ The Local People and ~~The~~ Students made a memorandum towards Local M.L.A. indicating various Problem of the area, through the G.A. President.

River is the backbone of human civilization. But the term is complete opposite regarding the Sialmari char (Island). The mighty Brahmaputra broken the area into pieces and erosion of the river devastated the dream of the People.

The whole Field Survey trips was a Pleasant experience. We got to visit the beautiful Place with natural Scenario. We also enjoyed the trips a Lot. We came back before Sunset.
